

## **SentriLock Billing**

SentriLock will suspend service on your cards on Monday, April 13, 2009 if the annual payment of \$174.90 is not received. Payment can be made from an email link you should have received from Sentrilock, or by clicking on the shopping cart link, or by phone through Telepay. If you call SentriLock directly to pay for the card they will transfer you to Telepay. Telepay's direct number is 1-877-327-9606. It is a good idea to write down your confirmation number. After the payment is received, the card moves from terminated to "expired". Then you will need to update your card. SentriLock can not issue showing codes if your card is "suspended".

---

SentriLock does **NOT** keep your credit card number on file.
