

Just a Friendly Reminder of SentiLock Payments

If you have NOT already paid your annual SentiLock Card payment of \$179.90 the payment is due **NOW**. If you have already paid, thank you for your payment, and you can disregard this reminder. **If the Sentrilock fee is not paid by 03-06-2010, your card service will be terminated and a \$53 reactivation fee will be added.**

For your protection and security, SentiLock does not store your credit card data. Thus, they cannot automatically process your payment. You must pay via one of the methods listed below:

1. Login to SentiLock's website- <http://www.sentrilock.com> . Select the Login box in the right hand corner and enter your Sentrilock I.D. and password. This is NOT your MRIS information. Your I.D. is your name (no spaces) then –AA. Your password is what you enter to update your card in the card reader.
2. Next time you update your card via the card reader, click on the link provided.
3. If you are paying with your card in the card reader, your I.D. will appear when you put your card in the reader. Or you can enter your password, logon to the site and click on the blue shopping cart in the upper right hand corner of the screen.
4. Call Telepay at 1-877-EASY-606 to pay via telephone. Please have your SentiCard® ready as you will need the serial number on it to make a telephone based payment. Just enter the numbers into the phone, not any letters that might make up part of your card I.D. Make sure you listen to the message completely and write down your confirmation number.

If you are not sure you paid Sentrilock, put your card in the reader and if the box does not pop up indicating an amount is due then you are paid up. You could choose to Login and click on the blue shopping cart in the upper right hand corner. If your balance is \$0 you have paid. If you want to view your payment history there is a gray box called "Payment History" in the lower left hand corner.
